Fabric: 100% polyester twill, Color: navy, to match the original Eiseman-Ludmar sample, and must be completely color fast both fabric, and embroidery yarn. (Finished product should be dry-cleaned to preserve crisp press.) The fabric is to be laminated to a non-woven interfacing to provide sufficient body and hold the press.

Dimensions: The finished shoulder board is a trapezoidal tube. The height measures exactly 4-1/4". The top (narrow) edge measures exactly 1-7/8". The bottom (wider) edge measures exactly 2-1/2". There is to be an embroidered stripe placed exactly 5/16" from the top and bottom edges of the fabric. The top stripe, at the narrow edge, has a diameter of 1/8". The bottom stripe, at the wide edge, has a diameter of 1/4". Each stripe must cover the front of the epaulette completely, wrapping around to the underside of the board no less than 1/8". Stripe color to be the same Permagold thread used for insignia.

Finishing: The finished shoulder board will be pressed flat. Top and bottom edges top-stitched, with excess fabric trimmed to 1/4" size, and neatly folded under. All loose threads to be trimmed. Inside seam to be double stitched and back-tacked at ends, with seam split during pressing to reduce bulk, edges trimmed. All threads must match color of ground fabric, and must be trimmed away.
