**M4486 Renovations to the Airport-EMS Station
Questions & Answers**

Question 1: What type of countertops will be spec'd, as that was not on the documents nor was able to be answered at the site visit?

Answer 1: Plastic laminate countertops with matching backsplash where applicable

Question 2: Will "shoe/toe" molding be required at the base of all walls where flooring is being replaced?

Answer 2: Yes. Remove existing baseboards and replace them with comparable size rubber baseboards

Question 3: How many days are there for completion of project from NTP?

Answer 3: Project needs to be completed no later than 12/31/2026

Question 4: What are the days of billing cycle, and how many days for payment release?

Answer 4: We will follow Purchasing/City-Parish payment procedures (30 days post completion?)

Question 5: Will 10% retainage be withheld, and a 45-day lien period before retainage can be billed?

Answer 5: Deferring to Purchasing as I am unsure how to answer this question

Question 6: Do you know where I can find a list of general contractors or plan holders for this project?

Answer 6: See attached SEDBE list

Question 7: I don't see a bid bond. Is that a requirement?

Answer 7: A Performance and Payment Bond is required. See attached form.

Question 8: In executing this project, can one superintendent fulfill the supervision, safety, and QAQC roles?

Answer 8: At the discretion of the GC

Question 9: Are contractors required to issue a contract specific QA/QC Plan?

Answer 9: No

Question 10: Are contractors required to issue a contract specific Safety Plan?

Answer 10: No

Question 11: Is this project tax exempt?

Answer 11: Yes

Question 12: Where is the water fountain located that's mentioned in the scope of work?

Answer 12: Hallway next to living area

Question 13: Where can a dumpster or dump trailer be located during construction? Can the dumpster/dump trailer be located in the bay during construction?

Answer 13: In front of bay closest to building

Question 14: Where will the contractor and subs park during the construction project? Will parking places be provided and reserved for workers? Will there be a charge/cost for the workers to park and what will the amount be per day/week/month?

Answer 14: There is a parking lot adjacent to the EMS station where contractors can park free of charge

Question 15: Who will supply the required signage for the project?

Answer 15: EMS to provide

Question 16: Where will the 50-amp shoreline extension cord need to be mounted /installed? What is the distance from where it is to be installed to the breaker box? Is the wire required to be in conduit?

Answer 16: Wall side of Bay closest to station next to entry door. Blueprint provided for power references. Wiring in accordance with current building code.

Question 17: Is the 50-amp wire required to be in conduit?

- a) If so what type of conduit should be used in the bay area and electrical room?**
- b) If so what type of conduit should be used in the attic space?**

Answer 17: Shoreline hanging from ceiling is not in conduit.

- a) See above reference to shoreline.**
- b) Per building code**

Question 18: Will the circuit for the 50-amp shoreline be ran in an attic space?

Answer 18: See blueprint

Question 19: Does attic space have partition walls that conduit will have to run through?

Answer 19: Reference Blueprint

Question 20: If there are partition walls what are the construction type of those walls?

Answer 20: Reference Blueprint

Question 21: Are any walls that the 50-amp wire penetrate fire walls which will require fire caulking?

Answer 21: Reference Blueprint

Question 22: Will free and unencumbered access be granted without delay to the electrical panel and entire electrical system?

Answer 22: Yes

Question 23: Are there currently enough space and enough power to add this additional 50-amp shoreline breaker?

Answer 23: Yes

Question 24: Client's intent is to leave existing base boards however the new flooring will need new base installed or at least new quarter round added all around parameter of the rooms after flooring is installed. Which method is preferred?

Answer 24: Remove and replace baseboards with comparable height rubber baseboard.

Question 25: Where there will be demo of cabinets in the living area there is no base board on that wall. Can client specify the selection of base board to be installed on that section of wall?

Answer 25: Reference Bid document and note answer above for baseboards

Question 26: Can client specify the type, grade, and finish of cabinets to be installed in kitchen?

Answer 26: Factory manufactured laminate cabinets, white finish.

Question 27: Will any portion of the contractor's work area be occupied at any time during construction?

Answer 27: No

Question 28: Can the client specify the type of kitchen countertop and backsplash selection to be installed?

Answer 28: Plastic laminate countertops with matching backsplash, where applicable. Color to be chosen by EMS

Question 29: Will the backsplash cover the entire backsplash from countertop to bottom of upper cabinets? How high does client want backsplash?

Answer 29: Replace current configuration

Question 30: Can client specify type, grade and color of the following?

- a) A. Flooring
- b) Ceiling Tile
- c) Paint

Answer 30:

- a) Class 3 LVT flooring. Color to be determined BY EMS from allowance provided by vendor.
- b) 2X2 acoustic with minimum NRC of .6 in white
- c) To be determined

Question 31: Is all on-site labor required to be US Citizens?

Answer 31: See attached H2B Workforce Requirements form

Question 32: Will contractors be required to E-Verify that all persons working on-site are legal US Citizens?

Answer 32: Yes

Question 33: Can client specify the type, voltage, and lumens of lights to be installed?

Answer 33: DLC listed LED in the 4K color range

Question 34: What specific permits are to be obtained?

Answer 34: Any and all permits that are required

Question 35: How many days a week can the contractor work on-site?

Answer 35: Monday- Friday. Saturday work is an option with prior approval only

Question 36: What are the work hours each day?

Answer 36: 7am-5pm

Question 37: Will existing plumbing fixtures (sinks, faucets, etc.) be salvaged and reused, or new supplied by owner, or new supplied by contractor?

Answer 37: New, to be supplied by contractor

Question 38: Will existing light switches, receptacles, and cover plates be reused or newly supplied by contractor?

Answer 38: Reused if functional, replaced as needed for function. Style and color must be consistent

Question 39: Does space above ceiling require plenum rated cable for exposed wiring/cabling?

Answer 39: Per building code

Question 40: Will contractors have access to power at site for construction? Will there be a charge for using owner's power and utilities?

Answer 40: Will have access. No charge

Question 41: FLOORING ALLOWANCE - Please provide the required material allowance (\$/SF) to be carried by all bidders for the LVT flooring selection referenced in the specifications. This will ensure uniform bidding among all contractors.

Answer 41: Flooring Allowance

- **Luxury Vinyl Tile (LVT)**
- **Class III commercial rated flooring material**
- **Contractor to provide allowance to EMS**
- **EMS to choose type/color at flooring company of contractor choice**

Question 42: CEILING TILE AND GRID SYSTEM- Please provide the required ceiling tile and grid manufacturer, product specification, and acceptable equivalent products to be included in the bid.

Answer 42: Ceiling Tile and Grid System

- **2' x 2' acoustical panels with corresponding grid**
- **Minimum NRC .60**
- **White**

Question 43: PAINTING SCOPE - Please clarify whether the intent is to: a) Paint entire walls within each affected room; or b) Paint repaired areas only.

Please also provide: Paint manufacturer and product line.

Required finish (flat, eggshell, satin, semi-gloss, etc.).

Number of colors anticipated.

Answer 43: Painting Scope (walls)

- **Paint entire walls within each affected room**
- **Sherwin Williams, Benjamin Moore or equal commercial grade paint**
- **Eggshell finish**
- **2 coats**
- **Anticipating (1) color**

Question 44: KITCHEN CABINETS AND COUNTERTOPS - Please provide:

- **Cabinet layout and elevations.**
- **Cabinet construction requirements.**
- **Countertop material and specifications.**
- **Backsplash requirements.**

If these items have not yet been selected, please provide an allowance amount to be included by all bidders.

Answer 44: Kitchen Cabinets and Countertops

- **Replace current configuration with factory manufactured laminate cabinets**
- **White finish**
- **Plastic laminate countertops with matching backsplash where applicable**
- **Color to be chosen by EMS**

Question 45: OWNER-FURNISHED APPLIANCES - Please provide manufacturer and model information for all owner-furnished appliances. Please clarify whether the contractor is responsible for any plumbing, electrical or utility modifications required for installation of the owner-furnished appliances and under-counter ice maker.

Answer 45: Owner-Furnished Appliances

- **Will provide manufacturer and model information at a later date**
- **Contractor will be responsible for any plumbing, electrical or utility modifications required for installation of the owner-furnished appliances and under-counter ice maker**

Question 46: 50-AMP SHORELINE INSTALLATION - Please provide additional information regarding the required shoreline installation including:

- **Voltage requirements.**
- **Existing electrical panel location.**
- **Required circuit length.**
- **Breaker requirements.**
- **Conduit requirements.**
- **Manufacturer/model requirements for the shoreline assembly.**

Answer 46: 50-AMP Shoreline Installation

- **Leviton 6360CR brand 50 AMP provided by EMS**
- **120 V**
- **Conduit requirements per building code**
- **Blueprints provided**

Question 47: CAT6 DATA CABLING - Please clarify the contractor's responsibilities regarding:

- CAT6 cable type (Cat6 or Cat6A).
- Keystone jacks and faceplates.
- Terminations.
- Testing and certification.
 - Labeling requirements.
- Patch panels and rack connections.
- Any owner-furnished networking equipment.

Answer 47: CAT6 Data Cabling

- Installed cable will be Cat 6, supplied by builder
- Builder will supply junction boxes & CAT6 cable, EBREMS will terminate with keystone jacks, affix faceplates.
- EBREMS requests new single gang junction boxes installed for CAT6 drops
- EBREMS requests builder installs 2 lines per junction box running back to supplied network cabinet, no termination requested.
- EBREMS will handle cable testing, termination and labeling
- EBREMS will supply 12U networking cabinet to be mounted by builder, EBREMS will install patch panel & rackmount accessories

Question 48: LIGHTING REPLACEMENT - Please clarify whether the intent is:

- LED lamp replacement only;
- Retrofit kits; or
- Complete fixture replacement.

If fixture replacement is required, please provide fixture specifications or approved manufacturers.

Answer 48: Lighting Replacement

- Replace existing lighting with energy-efficient LED fixtures or retrofit kits
- Fixtures must provide illumination levels comparable to or greater than existing conditions

Question 49: EXTERIOR SIGNAGE - Please provide:

- Sign dimensions.
- Material specifications.
- Mounting requirements.
- Digital artwork files.
- Whether signage is illuminated or non-illuminated.
- Are the signs owner provided, GC installed?

Answer 49: Exterior Signage

- Owner provided
- GC to install
- Non-illuminated

Question 50: ALLOWANCES - Please clarify whether bidders are to include complete replacement costs or carry allowances for the following items:

- LVT Flooring
- Ceiling Tile/Grid Systems
- Cabinets
- Countertops
- Lighting Fixtures
- Signage
- Data Infrastructure Components

If allowances are required, please provide allowance amounts to ensure all bidders are pricing the same scope.

Answer 50: Allowances

- LVT Flooring – Allowance per specifications
- Ceiling Tile/Grid System – Replacement Cost
- Cabinets – Replacement Cost
- Countertops – Replacement Cost
- Lighting Fixtures – Replacement Cost
- Signage – Owner Provided
- Data Infrastructure Components – Respond to #7

PERFORMANCE AND PAYMENT BOND

That we, the undersigned _____ as principal, hereinafter referred to as "Contractor" and _____, duly authorized to transact business in the State of Louisiana as surety, are held and firmly bound unto the City of Baton Rouge and Parish of East Baton Rouge, hereinafter referred to as "Owner", in the penal sum of _____ lawful money of the United States, for the payment of which well and truly to be made, the said principal and the said surety do hereby bind ourselves, our heirs, executors, administrators, and assigns, jointly and severally, by these presents as follows:

The condition of this obligation is such that whereas, the Contractor by an instrument in writing attached hereto and bearing date of _____, 20____ has agreed with said Owner to furnish labor, materials, tools and equipment for:

_____ shown on plans and specified thereby and in the specifications, proposals and agreement forming the contract documents thereto attached.

NOW THEREFORE, if said Contractor shall well and truly in good, sufficient and workmanship manner, and to the satisfaction of the Owner, perform and complete the work required and shall pay all costs, charges, rentals and expenses for labor, material, supplies and equipment and deliver the said improvement to the Owner complete and ready for occupancy or operation, and free from all liens, encumbrances or claims for labor, material or otherwise; and shall pay all other expenses lawfully chargeable to the Owner by reason of any default or neglect of the said Contractor in the performance of said agreement and said work, then this obligation shall be void, otherwise to remain in full force and effect.

PROVIDED FURTHER, That the said surety for value received hereby stipulates and agrees that no change, extension of time, alterations, or addition to the terms of that contract, or the work to be performed thereunder, or the specifications accompanying the same, shall in anywise affect its obligation on the bond and it does hereby waive notice of any change, extension of time, alterations, or addition to the terms of the contract, or the work, or the specifications.

PROVIDED FURTHER, That if the Contractor, or his, their, or its subcontractors fail to duly pay for any labor, materials, team hire, sustenance, provisions, provender or any other supplies or materials used or consumed or for any materials or supplies furnished for use by such contractors or his, their, or its subcontractors in performance of the work contract to be done, the Surety will pay the same in any amount not exceeding the sum specified in the bond, together with interest and attorney's fees as provided by law.

IN WITNESS WHEREOF, Said Principal and Surety have hereunto set their hands and seals this ___ day of _____, 20 _____

H2B WORKFORCE REQUIREMENTS

If contractor uses H-2B workers, Contractor will provide services subject to the terms and conditions set forth below. In accordance with applicable laws,

- Contractor will provide each worker with a document explaining the terms and conditions of employment and the worker's rights, and a copy of any applicable H-2B work order by the time periods required by applicable law. A copy of Contractor's H-2B work order shall be provided to Company upon request.
- Contractor will display "Employee Rights Under the H-2B Program" poster, and all other notices and posters required by applicable federal, state and local law. Such notices must be provided to employees in English and in a language that each worker can understand.
- Contractor will pay employees at least once every two weeks, or as otherwise required by federal law or the disclosed payday in any applicable H-2B work order.
- Contractor will pay each employee not less than the highest minimum wage rate applicable to its employees, including minimum rates for H-2B laborers (as indicated in Contractor's Application for Temporary Employment Certification, which amount equals or exceeds the highest of the prevailing wage, the promised wage, and the federal, state and local minimum wage), and, if and when applicable, the highest overtime rate required by applicable law for all overtime hours worked by employees. Notwithstanding the foregoing, Contractor shall pay its employees in accordance with applicable H-2B regulations.
- In accordance with H-2B regulations, Contractor shall provide to its H-2B employees, and employees performing the same work, at least 35 hours of work per workweek, and a total number of work hours equal to at least 75% of the guaranteed hours as listed in the job order in each 12-week period (or each 6-week period), or must pay such employees the amount they would have earned had they worked for the guaranteed number of workdays.
- Contractor must pay its employees for their visa expenses and transportation and subsistence costs for travel to and from the worksite in accordance with H-2B regulations and Contractor's H-2B work order.
- Contractor must not seek or receive payments or other compensation from prospective workers, as prohibited by H-2B regulations.
- Contractor agrees to provide housing to its employees to the extent required by applicable H-2B regulations, the Federal Fair Labor Standards Act, and applicable federal, state, and local law.
- Contractor agrees to pay an arrival and return/subsistence and transportation fees for each worker at the beginning and end of each job order period.
- Contractor must notify the U.S. Department of Labor if any H-2B or employee performing similar work separates from the job for any reason before the end of Contractor's work order. The notification must be made in writing and no later than two (2) days after the separation is discovered by Contractor. Contractor must also notify the U.S. Department of Homeland Security of any such separation of an H-2B worker.
- Contractor must not offer terms, wages, and working conditions to U.S. workers that are less favorable than what Contractor offers or provides to H-2B workers. Further, Contractor must not impose restrictions or obligations on U.S. workers that are not imposed on H-2B workers. Contractor must not lay off any similarly employed U.S. worker in the occupation and area of intended employment from 120 days before the start of Contractor's job order.
- Contractor using H-2B workforce must include a copy of their most recently submitted LOI, Letter of Intent. The U.S. Department of Labor requires this letter in the visa approval process. This letter must be signed and dated on company letterhead, with a description of work applicable to the scope, and indicate County/Parish and State where work will be performed: East Baton Rouge Parish, Louisiana.
