Addendum No. 1

Date: 6/24/2026

Your reference is directed to **Contract Number:** 2026-SWB-23 (Contract 2166) for Water Main Line Replacements and Extensions at Scattered Locations Throughout Orleans Parish which is scheduled to open at **11:30 a.m. CST** on **July 8, 2026** for SWBNO Engineering Department.

This addendum provides for the following:

1) Questions and Answers

-
1. There are 150 calendar days listed on the additional requirements, but the contract duration is 365 days. Please clarify.

The Contract Period is for 365 days.

2. \$500 is listed as Liquidated damages in section 2-9 and \$2,000 is listed in the additional requirements. Please clarify.

Liquidated Damages are \$2,000.00.

3. Should the quantity of bid item 15 be 250 LF instead of 25 LF?

The quantity of Bid Item 15 is correct at 25 LF.

4. Specification section 3-06 states fire hydrants are to be supplied by the contractor, but bid item 5 indicates these shall be supplied by the board. Please clarify.

Contractor should be providing the hydrant.

5. There are 3 bid items for valves over 12": Item 8 (16"-20" Valves), Item 9 (24"-30" Valves), and Item 10 (36"-48" valves). However, there are only water main pipe replacements for sizes up to 12". Will there be instances where the contractor will be directed to change large diameter valves without replacing the water main?

Yes. While we do not anticipate installing new water mains larger than 12 inches under this contract, these bid items are included because the contractor may be directed to replace existing large-diameter valves on current mains.

The above revisions shall be incorporated in and take precedence over any conflicting part of the original proposal documents. This addendum is hereby officially made a part of the referenced proposal.

Receipt of this addendum shall be acknowledged by inserting its number and date in the space provided on the Louisiana Uniform Public Works Bid Form.

This addendum consists of two (2) pages.
