The following are the Vendors' Inquiries received by the deadline date of July 17, 2026 and the State's Responses:

Vendor's Inquiry #1: What is the typical clearance/check-in time for waste hauling trucks entering the facility?

State's Response #1: The clearance/check in time is typically less than 15 minutes.

Vendor's Inquiry #2: Are waste service drivers escorted in and out of the facility?

State's Response #2: Yes.

Vendor's Inquiry #3: Is there any typical wait time before trucks are allowed to enter the service area?

State's Response #3: No.

Vendor's Inquiry #4: For the existing 30 cubic yard compactor, is there a spare compactor available on site for equipment swaps, or should each compactor service be treated as a round-trip haul of the existing unit?

State's Response #4: The spare compactor on site is out of service. Therefore, each service should be handled as an equipment swap. The awarded contractor must bring an empty compactor to leave on site when removing the full unit, as a compactor must remain available at all times.

All else remains as on original Invitation to Bid.
