 Baton Rouge, LA 70810

Incorporate in the plans and the project manual the following additions, deletions, changes and clarifications. Each item shall be governed by the conditions set forth in Division 1 General Requirements of this Project Manual and the specific conditions set forth in the sections of the specifications pertaining to the item:

ADDENDUM NO. 2

Total Pages: 1 - (8 ½" x 11") including Title Sheet
 1 - (24" x 36")

CLARIFICATIONS

1. Installers and delivery vehicles will have access to the second floor of the parking garage in order to utilize the ramp leading into the upper- level terminal.
2. There are elevators on each concourse that could be utilized for furniture install if the furniture can fit. If the items reasonably fit in an elevator the main parking garage elevators may be used and each elevator on concourse A and B may be utilized as well.
3. Installers will not be permitted to use the escalators for transporting product.
4. Delivery after hours and/or install after hours is not required for this project.
5. A standard box truck will fit in the first-floor of the parking garage. It will not fit in the second-floor parking garage because the second-floor clearance is only 6'-8".
6. One bidder must provide all Items 0001-0058 and that phases and BABA/non-BABA groups will not be awarded separately.
7. Where an item requires one extra removable cover for attic stock, the requirement is one per individual unit.
8. Approved-equal products must be preapproved before bid via prior approval.
9. Samples will be required after award. Finish samples are required for all products. One copy is to be kept by WHLC for record purposes. Physical submittal samples are to be delivered to Olivia Lazarus at WHLC Architecture for review.
10. DBE Forms A, B, and C remain not required and no numerical DBE/SBE/MBE/WBE goal applies.
11. ADA-1 Cushions: (9) will be installed day 1. (2) will be stored as attic stock for a total qty of (11)
