Other information required by the city include the submission of resumes of the project staff to be assigned, references, examples of similar work performed, and additional information that will clearly demonstrate the respondent's expertise in providing the services sought by this solicitation.

A City selection committee will review and evaluate all proposals and identify respondents that may be invited to submit more detailed proposals, conduct oral presentations, product demonstrations, or both. The selection committee will rely primarily on the proposals submitted in order to select finalists; therefore, respondents must emphasize specific information considered pertinent to the project and submit all information requested. Evaluation of the proposals will be based on the criteria listed elsewhere in this solicitation.

The services requested within this solicitation will benefit the New Orleans Homeland Security & Emergency Preparedness (hereinafter NOHSEP) team to provide services to residents with unique needs prior to, during, and after declared emergency events which affect the City of New Orleans, and Orleans Parish. NOHSEP is the organization within the city government which responds to disasters, both manmade and natural

2.2 Background

requirements of the City's DBE Program for the administration of this Agreement, as set forth in the City Code and any applicable rules adopted thereunder. The City's Office of Supplier Diversity ("OSD") oversees the DBE Program and assigns a DBE Compliance Officer ("DBECO") to ensure compliance.

B. Monitoring. To ensure compliance with DBE requirements during the term of this Agreement, the DBECO will monitor the Contractor's use of DBE subcontractors/suppliers ("DBE Entities") through the following actions:

2. Electronic payment tracking via the Contract Compliance Monitoring System or other means as approved by the OSD;
3. Routine audits of contract payments to all subcontractors;

a. The Contractor shall provide the DBECO with copies of said contracts within thirty (30) days from the date this Agreement is fully executed between the City and the Contractor.

b. The Contractor shall agree to promptly pay subcontractors, including DBE Entities, in accordance with law.

3. Establish and maintain the following records for review upon request by the OSD:

a. Copies of written contracts with DBE Entities and purchase orders;

b. Documentation of payments and other transactions with DBE Entities;

c. Appropriate explanations of any changes or replacements of DBE Entities, which may include a record of "Post-Award Good Faith Efforts" for each certified firm that the Contractor does not use in accordance with the approved DBE participation submission;

The Contractor is required to maintain such records for three (3) years after completion or closeout of this Agreement. Such records are necessary to determine compliance with their DBE obligations.

4. Post monthly payments and submit regular reports to the DBECO as required via the online "Contract Compliance Monitoring System" or other means approved by the OSD.

- a. The Contractor shall submit the initial report outlining DBE participation within thirty (30) days from the date of notice to proceed (or equivalent document) issued by the City to the Contractor. Thereafter, "DBE Utilization" reports shall be due on or before the fifteenth (15th) day of each month until all DBE subcontracting work is completed.

- c. If the established percentage is not being met, the monthly report shall include a narrative description of the progress being made in DBE participation.

The Contractor must notify the OSD of the intent for removal and substitution of a certified DBE immediately upon determination of that the DBE submitted on Compliance Form - 1 is unable to perform the specified work. In such case, the Contractor shall use and document "Good Faith Efforts" to find a similarly qualified and certified DBE entity to perform such specified work. The same criteria used for establishing "Good Faith Efforts" in maximizing the participation of DBE Entities prior to awarding the Agreement will also apply to the substitution of DBE subcontractors during the performance of the Agreement; or

- b. the Contractor reasonably believes

that, due to a change of scope, execution of the work in accordance with the directions from the City is unlikely to meet the established percentage or terms.
