Questions & Answers
(continued)

Q1 Are all trees on property to be maintained or only trees in beds?
A1 The RFP states:

> **The purpose of this bid is to provide maintenance and labor costs for landscaping, irrigation, arborist, ornamental shrub/tree/vine services and on the current and future flower beds at library locations listed in this document.**
>
> **There are a number of trees of various varieties to be maintained. Among the varieties of plants & trees are (included but not limited to): Pear, Magnolia, Spruce Pine, Live Oak, Lirlope, Palms, Dwarf Azalea, Red Oak, Azaleas, Indian Hawthorne, Crepe Myrtles, Berch, Carissa Holly, Drake Elm, Bald Cypress and others.**
>
> **Ornamental Shrubs and Trees- Fertilization-Ornamentals shall be fertilized in accordance with the specific needs of the plants in order to maintain a healthy and vigorous condition.**
>
> **Please note that routine plant and tree maintenance at the Main Library and the River Center Library Locations include the rooftop terraces, in addition to plants and trees on floor level.**

Q2 Please provide a list of the contractors who attended the pre-bid meeting.
A2 See attached sign-in sheet

Q3 Please provide the previous bid tabulation.
A3 See attached bid tabulation

Q4 Please provide the current contract.
A4 This will require a Public Records search; see instructions below

Q5 If current contract cannot be provided can you provide who the current contractor is and what the contract value is?
A5 This will require a Public Records search; see instructions below

Q6 Please provide an annual budget.
A6 There is no annual budget for this contract

Q7 The bid mentions MBE/SBE/WBE Initiative Participation by Certified Small Entrepreneurships/DBE Initiative. However, it does not appear that there is a specific percentage goal attributed to this project. Is there a percentage goal, and if so, what percentage is required?
A7 No goal has been set; MBE/SBE/WBE Certified Small Entrepreneurships/DBEs is encouraged

Q8 For all additional materials to be priced, there is a brand, model, description, and warranty line to be filled to be filled in. Many of these items likely will not have a model number. Can this be left blank or listed as n/a without impacting the likelihood of the bid being accepted?
A8 At a minimum, for these items a Brand / Description should be included

Q9 Each location has an additional Option price for adding new bed areas or additional plantings to the existing beds/areas to existing or new library locations. The unit of measure for this price is listed as per sq. ft. per month. Our question is, to price this correctly we would need to know the type of soil to be brought in, the depth of soil and/or mulch to be installed, as well as the specific plant sizes and species. As written, it would not be possible to provide a per sq. ft. per month price for these services. Please consider revising this line item or providing further specification.

A9 Note the newly included bedding requirements:

New beds or increased size of existing beds:

Any new beds, additions to existing beds, or beds at new locations will be quoted and priced per cubic foot (length × width × depth) for initial installation and per square foot for monthly maintenance. Plants and bedding materials will be provided as needed, subject to agency approval. All specifications in the scope above apply to new beds.

Item 0018

ALL LOCATIONS: To add new beds or areas to library locations in accordance with the attached specifications. Unit of measure: per cubic foot (estimated at 1 ft. × 1 ft. × 1 ft.).

Q10 Is there a specific type of aggregate rock to be priced per cubic ft on the pricing sheet?

A10 No

Q11 This bid requires no form of bond?

A11 No form of bond is required

Q12 Do we need a redacted copy to turn in?

A12 You only need a redacted copy if you feel is necessary

Q13 Is the scope and specs we are supposed to base this on are pages 38 and 44?

A13 Scope and specs are on Pages 38 through 44

Q14 It has turf insect/disease control listed but I only thought this was for the flowerbeds.

A14 The purpose of this bid is to provide maintenance and labor costs for landscaping, irrigation, arborist, ornamental shrub/tree/vine services and on the current and future flower beds at library locations listed in this document.

Q15 Are mulch and flowers included in the monthly price or priced as separate items?

A15 Mulch will be priced utilizing Item 0020; flowers will be priced per Item 0024

Q16 Are irrigation checks part of the monthly price or separate onetime items?

A16 Included in the monthly maintenance price (Items 0001 – 0016)

Q17 Do we need to include lawn fertilization in our monthly price?

A17 Yes; Included in the monthly maintenance price (Items 0001 – 0016)

ATTACHMENT A

SCOPE OF SERVICES

The purpose of this bid is to provide maintenance and labor costs for landscaping, irrigation, arborist, ornamental shrub/tree/vine services and on the current and future flower beds at library locations listed in this document.

Maintenance services for all locations are to follow the Maintenance Program Schedule listed in this BID document. Irrigation services include programming/replacing/testing control box and repairs/replacement of any and all parts associated with irrigation lines. Irrigation materials and supplies will be quoted at a discount (Pricing Schedule Item 0025) and irrigation repair labor (Pricing Schedule Bid Item 0026) will be billed at an hourly rate. There are a number of trees of various varieties to be maintained. Among the varieties of plants & trees are (included but not limited to): Pear, Magnolia, Spruce Pine, Live Oak, Lirlope, Palms, Dwarf Azalea, Red Oak, Azaleas, Indian Hawthorne, Crepe Myrtles, Berch, Carissa Holly, Drake Elm, Bald Cypress and others. The Scope of Services includes:

- **Seasonal Color Beds-** Bed preparation will be performed prior to each seasonal color rotation, which shall be at a minimum of twice per year. Beds will be maintained on a regular basis to insure the full impact of the planting. Weed control, insect and disease control, pruning or pinching is to be included.
  Replacement plants and bedding material will be rotated on an as needed basis after approval from the agency. **This will be completed with plants being charged as a discount rate. Bedding material will be charged a cubic foot rate (1" x 1' x 1') for bed preparation.**
- **Ornamental Shrubs and Trees-** Fertilization-Ornamentals shall be fertilized in accordance with the specific needs of the plants in order to maintain a healthy and vigorous condition. A formulated complete fertilizer containing at least 50% slow release nitrogen shall be used at least twice per year.
- **Insect and Disease Control**- Treatment of pests will be done on a case-by-case basis in accordance with EPA approved products. Spraying schedule shall at a minimum be done in the spring and fall. Crape Myrtles shall be inspected monthly and sprayed additionally as needed.
- **Pruning**-All ornamentals shall be pruned in accordance with standards of good practice and in accordance with the intended function of the plants.
- **Weed Control-** Shall be done continuously. Methods should include pre and post emergent chemicals as well as hand weeding as necessary.
- **Turf Insect & Disease Control-** Shall be applied as needed using approved materials under the direction of a certified applicator.
- **Debris Control-** All debris resulting from work performed by the contractor shall be removed prior to the contractor departing from the location upon each visit.

A site plan is provided for each branch. **HOWEVER**, the vendor is responsible for visiting each location and for verifying the quantity and varieties of plants, bushes, trees, and shrubs.

ATTACHMENT A
SCOPE OF SERVICES

Please note that routine plant and tree maintenance at the Main Library and the River Center Library Locations include the rooftop terraces, in addition to plants and trees on floor level.

Plant warranties must include the cost of plant replacement and the labor to replace them.

All quotes for additional work must include a line item quote for the amount of square footage or cubic footage included, a line item quote for each item (plant, mulch, bedding soil, or other item) to be installed, the quantity of items to be installed, the unit cost, total cost, and warranty for each item. The quote must also include a total cost for the entire project. Failure to provide this will result in a rejection of the quote.

Vendors must sign in with library staff when they arrive at a facility to perform work. In addition, vendors must submit monthly documentation with the invoice that includes: the work they performed at each branch and when that work was completed, in accordance with the schedule included in this package. Services that are not monthly maintenance are required to be scheduled in advance with a Library representative.

The Contractor/Subcontractors:

- Will provide a list of references for projects of similar size and scope as the EBRP Library, which are currently being managed.
- Shall provide current copies of, all licenses necessary to meet contract requirements. If not submitted with bid, vendor must be provided to purchasing within 7 days of request.
    - *Landscape Contractors*
    - *Horticulture Services, Arborist License*
    - *Certified Pesticide Applicator*
    - *Ornamental Turf*
    - *Louisiana State Board for Contractors*

The Library reserves the right to amend this contract to include new locations when renovations or constructions is complete.

New beds or increased size of existing beds:

Any new beds or additions to the existing beds size at existing or any new locations will be quoted and priced per cubic foot (length x width x depth) to create the initial set up and will be priced per square foot to maintain on a monthly basis. Plants and bedding material will be on an as needed basis after approval from the agency. **All of the specifications in the scope above shall apply to the new beds.**

Mulch Schedule:

Mulch should be spread at locations as specified by the Facilities Manager or designee. Mulch during times as needed or requested.

NOTE: Mulching at the Main Library location may be required more frequently.

Irrigation Schedule:
Responsible for freeze protection in winter months. Prepare and test irrigation in the Spring months and be responsible for repairing irrigation leaks or responding to other problems that may arise.

Replace broken sprinkler heads as necessary.

For irrigation leaks or other landscaping emergencies- response time should be **24 hours.**

General Information:

For non-emergency requests, response time should be 5 business days.

It is the intent of the City of Baton Rouge to award this contract to one vendor. All items must be bid. The prebid meeting and all job site visits shall be mandatory.
