DEPARTMENT OF STATE
INVITATION TO BID
DRAYAGE CONTRACT

I. CONTENTS OF BID PACKAGE

Each bid package includes the Invitation to Bid; the Department of State's administrative rules regarding procurement of voting machine drayage (LAC 31.III.101 *et seq*.); a copy of the Louisiana Code of Governmental Ethics statute regarding prohibited contractual arrangements for potential bidders (La. R.S. 42:1113); Advertisement for Bid, Drayage Bid Form; a Contractor Disclosure of Ownership Form; a No Felony Conviction Employee Certification Affidavit Form; Acknowledgement of Pre-Bid Training Affidavit; and a Sample Contract.

PARISH: Franklin

AVERAGE NUMBER OF VOTING MACHINES DRAYED PER ELECTION: Sixty-four (64)

NUMBER OF PRECINCTS: 24

Bids must be received on or before 10:00 am, CST, December 18, 2026 at which time bids will be publicly opened and read.

II. BID GUARANTY OF BID BOND

A. A bid guaranty in the form of a bond, certified check, or money order made payable to the State of Louisiana, Department of State in the amount of five percent (5%) of the bid must accompany each bid submitted. DO NOT SEND CASH.

For Example: If you submit a bid of $50.00 per voting machine in a parish with 100 voting machines, your bid guaranty or bond would be $250.00. Use this simple formula:

BID PER MACHINE x NUMBER OF MACHINES x 5% = BID GUARANTY OR BOND

B. If you are determined to be the lowest responsive and responsible bidder for the parishes and you decline to accept the contract for the parish, you will forfeit your bid guaranty or bid bond for those parishes.

C. Obvious errors or errors supported by clear and convincing evidence may be corrected, or bids may be withdrawn, if such correction or withdrawal does not prejudice other bidders and such actions may be taken only to the extent permitted under this Invitation to Bid. A request to withdraw a bid after the bid opening must be made within three (3) business days after bid opening, and supported in writing. If it is determined that the error is patently obvious, then the bid may be withdrawn, and if a bid guaranty was required it shall be returned to the bidder.

Minor informalities are matters of form rather than substance which are evident from the bid document, or insignificant mistakes that can be waived or corrected without prejudice to other bidders; that is, the effect on price, quantity, delivery or contractual conditions is not significant. The Secretary of State, or his designee may waive such informalities or allow the bidder to correct them depending on which is in the best interest of the state.

If the mistake and the intended bid are clearly evident on the face of the bid document, the bid shall be corrected to the intended bid and may not be withdrawn. Some examples of mistakes that may be clearly evident on the face of the bid document are typographical errors, errors in extending unit prices, unit prices placed in the extended amount column, and failure to return an addendum provided there is evidence that the addendum was received. When an error is made in extending total prices the unit bid price will govern. Under no circumstances will a unit bid price be altered or corrected unless it is obvious that a unit price is submitted in a different unit of measure than shown on the bid form and the bidder's extended total verifies that the unit bid price was submitted using a wrong unit of measure, then the unit price may be changed to correspond with the correct unit of measure.

III. PROCEDURE FOR SUBMITTING BIDS

A. Submit your bid on the bid form enclosed in the bid package. You must use this form or duplicate thereof. Fill out the bid form completely and sign it.

Following the election, the Contractor shall return the "Vote Here" signs to the warehouse at the same time the Contractor transports the voting machines back to the warehouse.

4. *Hauling, Delivering, and Set-up* - The Contractor shall perform all hauling or drayage necessary to distribute the voting machines from the warehouse to the polling precincts and/or demonstration sites, as designated by the Parish Custodian. In performing such duties, the Contractor shall supply all needed labor and equipment at the Contractor's sole expense. The Contractor shall deliver and unload the voting machines and their paraphernalia, together with keys to each voting machine, obtain a receipt for the same from the Deputy Parish Custodian. 5. *Voting Machine Chain of Custody Form* - Upon receipt of voting machines from warehouses, delivery to precincts, and return to warehouse, the Voting Machine Chain of Custody Form must be completed and signed by Drayman, or his designee, and Custodian.

6. *Delivery Schedule* - All such delivery and set-up shall occur on a schedule determined by the Contractor and pre-approved by the Parish Custodian, which schedule shall be furnished to and approved by the Parish Custodian not later than 5 p.m. on the fifteenth (15th) day prior to the election ("Schedule"). If a schedule cannot be agreed upon by the Contractor and the Parish custodian, the schedule shall be furnished to the Secretary of State not later than 5 p.m. on the thirteenth (13^{th}) day prior to the election for review and approval by the Secretary of State or his designee. Notwithstanding the foregoing, all voting machines must be distributed to and set up within each and every polling place between the hours of 7:00 a.m. and 8:00 p.m. of the day preceding the election, and must be removed and returned to said warehouse by 8:00 p.m. on the second day following the said election (within 48 hours after the closing of the polls), unless required by law to be returned earlier due to a holiday.

   In the case of demonstration of voting machines used in connection with such elections, the drayage shall be at a time and place to be specified by the Secretary of State or his designee. In the case of demonstration of voting machines used in connection with commissioner training schools, the drayage shall be at a time and place to be specified by the Parish Custodian with final approval by the Secretary of State or his designee.

   Not all voting machines will be utilized for each election or demonstration. However, in the case of state wide elections, the prospective Contractor must have sufficient equipment and personnel to timely and properly cover, haul, and return all voting machines.

7. *Return to Warehouse* - Within forty-eight (48) hours of the closing of the polls, and at the time designated by the Schedule, the Contractor shall lower, if necessary, and load and transport the voting machines back to the warehouse. The Contractor shall place all voting machines in their designated positions in the warehouse, remove the cover from each machine, and fold and store the machine cover.

   Upon return of each voting machine to the warehouse, the Secretary of State or his representative shall inspect the voting machines. Acceptance of the machines shall only be made once the inspector determines that all requirements and conditions of the Contract have been met, including the Voting Machine Damage Report to be completed by all parties.

8. *Election Day Services* – Upon notification by the Secretary of State, Parish Custodian or their representatives, the Contractor shall deliver additional voting machines to any precinct where they are needed on election day. To make election day deliveries, the Contractor shall have available at the warehouse sufficient equipment and manpower within 20 minutes or less from the time a telephone call is received from either the Secretary of State, Parish Custodian, or their designees for such emergency day deliveries. The services shall be performed under the supervision of the Parish Custodian or his deputy and/or personnel of the Secretary.

All damage to the voting machines by the Contractor shall be reimbursed by the Contractor upon receipt of an invoice from the Secretary of State detailing the parts and price for repair. The completed Record of Elections, Damage Report, reimbursement by Contractor for damage, if any, and warehouse copy of the drayage contract must be received by the Office of Management and Finance prior to payment being made to the Contractor.

The Contractor agrees to include this Statutory Employer provision in all contracts and subcontracts for any and all work contemplated by or included in the Agreement. In the event this Statutory employer provision is not included in any such contract or subcontract, the Contractor agrees to indemnify and hold the State harmless from and against any claim, loss or liability arising out of denial of statutory employer status for the State under the Contract, including all reasonable attorneys' fees of the State incurred in connection with any such claim. The Contractor must agree to defend any such claim through counsel acceptable to the State, at the sole cost of the contractor.
